

Our Spay/Neuter Clinic Is Open for Business!

We're excited to share that the **Houston Pets Alive! Spay/Neuter Clinic** is officially open and **servicing shelters and rescues** across our community. This clinic exists to support lifesaving organizations by providing accessible, high-quality spay/neuter services that help reduce overcrowding and prevent future litters. ***(Please note: the clinic does not serve owned pets.)***

We've also launched **TNR Tuesdays** every week! On TNR Tuesdays, the **first 30 community cats** who arrive **in a humane trap** will receive care **without an appointment**. On Mondays, Wednesdays, and Thursdays, TNR cats are welcome **by appointment only**. Discounts are available for caregivers bringing in multiple cats.

If you work with a rescue, shelter, or colony manager or know someone who

does, we'd love your help spreading the word. Share the clinic link, tell your networks, and help us reach the organizations who can benefit most from these services!

The First of Many: Our 2026 Adoption Events Begin

On Saturday, January 17th HPA! kicked off the year with our **first adoption event of 2026** and our first multi-shelter event to **feature both dogs and cats!** The event brought together pets from shelters across the Houston area, giving adopters the opportunity to meet a wide variety of animals all in one place.

Thanks to the support of our partners, volunteers, and adopters, the event resulted in **41 adoptions total**, including **23 dogs** and **18 cats** finding loving homes. Adoption fees were reduced to **\$50 thanks to the generous support of Attorney Brian White**, whose sponsorship helped make adoption more accessible for our community.

This event marked the launch of our expanded **Adopt-a-Palooza**, which will now take place **monthly through the end of the year**. By continuing to bring multiple shelters together and expanding access to adoption, we're excited to help even more pets find homes and create even more happy endings in the months to come. Adoption fees will be \$50 for events going forward, and **all adoptable animals will be spayed/neutered, microchipped, and up to date on vaccines.**

Thank you to everyone who made this first event such a success! We can't wait to build on this momentum and save even more lives.

Bashful Bennet Finds His Home

At six years old, Bennet had already seen his fair share of hardship. He arrived at HPA! **heartworm positive, fearful, and overwhelmed by the shelter environment.** Even at our Adopt-a-Palooza event, he remained reserved and unsure, often retreating from attention rather than seeking it.

But Bennet’s story changed that day. A compassionate family came to meet him, and instead of passing him by, they saw past his nerves and gave him the **time and patience he needed to come out of his shell.** They introduced him to another dog they were considering adopting, and to everyone’s delight, the two hit it off.

That day, Bennet and his new sibling walked out the door together into a loving home where he could finally relax, heal, and be loved.

Thanks to adopters who take the time to understand dogs like Bennet, ensuring shy pets get their happy endings too!
