

**HPA! Spay & Neuter Clinic Now Serving Personal Pets**

We're excited to share that the HPA! Spay & Neuter Clinic is now offering high-quality **spay and neuter services for personal pets**.

In addition to surgery services, the clinic offers **rabies and Bordetella vaccines**. Pets can also receive a **free DHPP or FVRCP vaccine at the same appointment**, making it even easier for families to keep their pets protected.

Even if your own pets are already fixed, you can still make a difference. **Sharing this resource with friends, neighbors, and community groups helps reach families who may not know affordable options are available.**

## Furever Homes Found at Furever Yours!

Our Valentine's Day **Furever Yours Adoption Event** was truly one for the book, with more than **100 attendees** walking through our doors. By the end of the event, **46 animals had found their forever homes!**

We are overwhelmed by the incredible support our community continues to show, not only at Furever Yours but at each of our multi shelter adoption

events. These events are reminders of what is possible when people come together for a shared purpose.

**A third of our event participants report hearing about Houston Pets Alive! through word of mouth.** That means your conversations, your shares, and your recommendations truly matter. Please continue to spread the word and invite friends and family to future events!

### "Crusty" Rusty Finds His Valentine

When **Rusty** arrived at HPAI, he was in rough shape. The five-year-old terrier mix's skin was red, cracked, and oozing from severe dermatitis likely caused by a heavy flea allergy. He had significant hair loss along his back

and around his eyes, thick green discharge clouding his vision, and painfully overgrown nails.

Despite how uncomfortable he must have felt, Rusty was friendly and easy to handle from the very beginning. With patience and consistent care, Rusty slowly began to heal.

As his body healed, so did his confidence. The once “crusty” stray transformed into a happy, handsome terrier ready for a fresh start. On Valentine’s Day at our **Furever Yours Adoption Event**, Rusty was adopted by a loving family.

Dogs like Rusty find their perfect match thanks to supporters like you. Thank you for donating, sharing our posts, and spreading the word about pets in need!

**KITTEN SEASON**

### Kitten Season Is Here and We Need Your Help!

Kitten season, now through October, is when animal shelters across the country are **flooded with vulnerable kittens** due to a surge in births. To keep up, **we need supplies and fosters.**

**Fosters are especially vital for young kittens.** Newborns require special around-the-clock care, and their immune systems are also very weak, which makes them susceptible to illness in a shelter environment. A loving foster home can provide the safety and care these kittens need to grow and thrive.

If you're unable to foster, you can make a big difference by **purchasing critical items from our Amazon and Chewy wishlists.** Every item helps us save more lives this spring!

**Thank you for being part of their second chance!**
